Oakville Washington • Chamber of Commerce • P.O. Box 331 • 98568 • 360-273-2702

Greetings from your Oakville Chamber of Commerce,

Once again you are receiving your annual letter giving you the chance to become a part of something wonderful in the Community of Oakville. This coming year is looking like one that could go down in the record books as being one that will make some of the largest changes in our community.

At this time I cannot go into too many details at this time other than to give you a quick glimpse into what might be the cause for these changes. As I see the future from my short time here in Oakville, it appears as though Oakville is as close to the dream of a "New"

Library as it has been in many decades.

Then there is a movement for some changes to the downtown businesses. These changes are other than what you see going on with the building that housed the pellet mill. What a transformation that is happening on that building.

You now have a chance to be a part of that transformation.

I ask you to consider this opportunity, to pick up the gauntlet and accept the challenge to help our small community raise its head and become proud once again.

Next month your Chamber will be holding its annual meeting. I ask you to come and be a part of this meeting and share your ideas with us as to what you would like to see happen in your community. The meeting will be held on February 17th at 4:00 pm at the United Methodist Church.

Thank you for consideration on this request and look forward to getting to know you all.

Sincerely

Preacher Bill Scholl
